Incentive Offer

This offer provides rebates for the purchase of new, installed qualifying products and is not dependent on the purchase of any other product or service unless indicated. The rebates on this form are available to residential homes or residential rental buildings of 12 units or less with natural gas service located in CenterPoint Energy service territory. One form must be completed for each address in which the product is installed. The CenterPoint Energy rebate cannot exceed the cost of the equipment or service. Equipment must be purchased, installed and operational between January 1, 2022 and December 31, 2022. CenterPoint Energy reserves the right to alter or discontinue the rebate offers at any time without notice. Rebate funds are limited and are available on a first-come, first-served basis.

General Eligibility

For a current list of qualifying equipment, visit CenterPointEnergy.com/SmartSavings. Applicants must use natural gas for all equipment installed and a furnace, with a sealed combustion unit, must be the primary heat source for the home's living space. Dual-fuel systems are not eligible. Boilers must have a modulating burner and include an outdoor air temperature reset control. Chimney liners must be installed where an atmospherically drafted appliance remains in the existing chimney after a sealed combustion unit has been installed. A sealed combustion unit must provide combustion air from outside the home. Installers must also complete the flue closure protocol when a sealed combustion unit has been installed.

Compliance

All projects must comply with applicable federal, state and local laws and regulations, including building codes, and manufacturer's specifications. All equipment must be purchased new and cannot be resale equipment, new parts installed in existing equipment or equipment that is leased, rebuilt, rented, replaced by a warranty or won as a prize. Existing equipment must be removed or permanently disconnected.

Application Delivery

A complete, signed application and itemized invoices for materials and labor must be submitted at the address located on the cover page of this application within 60 days of project completion. The invoice(s) must indicate the date of purchase, size, type, make, model and total project cost. Receipt of an application does not guarantee payment of a rebate. CenterPoint Energy is not responsible for items lost or damaged in the mail. CenterPoint Energy will pay only one rebate for each eligible product installed. Please allow up to six (6) weeks to receive your rebate. Incomplete applications will not be processed. Failure to provide supporting documentation will be considered an incomplete application. Please keep a copy of your application and supporting documentation for your records.
